**FOR A SYNODAL CHURCH**

**The Synod is a place for  
the meeting of Bishops  
among themselves,  
around and with  
the Pope who summon  
the instrument  
of "consultation  
and collaboration".  
It is therefore a place  
for the exchange  
of information  
and experiences,  
for the common search  
of universally valid  
pastoral solutions.**
